It is agreed between the **Insurer**, the **Insured Person** and the **Association** that the following additional conditions are applicable during the **Policy Period** as defined in the *Schedule*, and as long as the policy is intermediated by **Van Dessel Insurance Brokers** or one of its entities.

### Reinstatement of the Insured Amount

The following paragraph is added to *Chapter 2, Section 1. Insured Limit* of the *General Conditions*:

After notification to the **Insurer** of a **Claim** made against an **Insured** or an **Insured Event** occurring to an **Insured** or of circumstances which could reasonably give rise to an **Insured Event**, this policy shall be deemed to be reinstated once for an **Insured Limit** as set out in *Item XI of the Schedule* (the **Reinstated Insured Limit**), which shall then apply during the **Policy Period** and **Discovery Period**, provided that:

- the **Reinstated Insured Limit** is only payable on behalf of the **Insured Person**;
- this policy, which will remain in effect during the **Policy Period** or the **Discovery Period** with its own **Insured Limit** (as described in *Item XI of the Schedule*), will first be exhausted by the payment of one or more **Losses**.

The thus **Reinstated Insured Limit** shall only cover a subsequent **Insured Event** that is totally unrelated to the **Claim, Insured Event** or circumstances reasonably likely to have given rise to the **Insured Event**, which has already been notified.

The next paragraph is added to *Item XI of the Schedule*:
